

JOIN OUR BOARD OF GOVERNORS AND HELP TRANSFORM LIVES THROUGH LEARNING

NEW COLLEGE SWINDON IS SEEKING ENTHUSIASTIC AND COMMITTED GOVERNORS TO FURTHER ENHANCE THE SKILLS OF ITS GOVERNING BODY.

THIS ROLE COULD BE THE PERFECT OPPORTUNITY IF YOU:

- Are someone who can see the big picture with experience in an executive or non-executive role
- Want to make a real difference and help shape and influence the next generation
- Are interested in being a Governor in the Further Education & Skills sector at a time of important strategic change.

Over 10,000 students chose to study with New College Swindon last year and your involvement and contribution can help us to meet the needs of all within our community.

As a member of the Governing Body your insights, skills, experience and ideas would widen our strategic perspective and help to shape the college's future development. You may have experience in business, community, working with charities, financial or legal practice, estates or higher education – all of these experiences can significantly contribute to, and improve the lives of, our local College community.

The College is keen to promote diversity on the Board and applicants from all backgrounds and from a wide geographical area, are encouraged to apply. This is a voluntary appointment although reasonable travel expenses may be reimbursed.

For further information on becoming a governor of New College Swindon please contact Tracy Scaife on **01793 209460** or email tracy.scaife@newcollege.ac.uk
